

2011 NASC WARREN E. SHULL MIDDLE LEVEL ADVISER OF THE YEAR AWARD

Philosophy:

The National Association of Student Councils (NASC) has authorized an NASC Middle Level Adviser of the Year Award in honor of Warren E. Shull, who founded the National Association of Student Councils in 1931. He recognized that leadership is service. Many student council advisers across the nation are also guided by the same principles of Warren E. Shull. While the award does single out individuals on the state, regional and national level, the purpose of the award is to highlight the many contributions made by all student council advisers throughout the country.

Nomination Procedures:

Nomination forms are provided by the National Association of Student Councils (NASC) to all state associations. The form is also on the NASC web site – www.nasc.us/shull.

1. Each state association may nominate one Middle Level student council adviser whose school is currently an active NASC member and has been a member of NASC for at least two years. In states with separate middle level student council associations the nominations shall be from those associations.

For states having no middle level student council associations or middle level membership in other state student council associations, NASC member advisers may self-nominate or be nominated by their councils. Their applications will be submitted directly to the NASC. Should more than one self-nomination be received, the NASC National Advisory Council shall select the top nomination for the state to continue in the award judging.

2. Nominations must be made on this official 2011 nomination form.
3. All nominees must compose a narrative response to a prompt (Section VI) as part of the application.
4. Nomination forms may be sent to NASC via Adobe automated electronic submission*, fax (703-476-5432) or ground mail. [*Using the "SUBMIT FORM" button on the Nomination Form.]
5. Current NASC Advisory Council members are not eligible for nomination. Former NASC Advisory Council members may apply after a two-year waiting period following their term.
6. Current State Student Council Directors who are state nominees must have the application form signed or verified by email by a designee of his/her choosing.
7. State Nominees will not be considered on consecutive years.
8. A Region finalist will not be re-considered for region selection for three (3) years following the award.

Selection Procedures:

1. Selected National Advisory Council members, including the middle level members, will select a finalist for each region from the state nominees during their January meeting. Region selections must attain an average score of 75% or higher.
2. The entire NASC Advisory Council will select the national winner from the region finalists.
3. Region finalists and national winner will be introduced at the National Conference in June.

Awards:

1. State Nominees receive a certificate, letter and press release from NASC. Plaques will be presented to the region finalists and national winner. The national winner will also be presented with a \$500.00 check.
2. Registration to the National Conference in June is complimentary to all the region finalists. It is the expectation of NASC that all Region finalists will attend the national conference.
