

## Student Small Group Workshops By Title

Below is the list of Student Small Group Workshops that will be presented on Monday, June 28. The categories are listed after each workshop description. Review the top three that interest you from each session. There are three sessions of workshops. Each student will attend two workshop sessions and you'll be eating lunch during one of the session times. Refer to the lunch assignments on the last page for your state's time.

There is limited space for each workshop, so it is not guaranteed that you will get into your top choices. If a workshop room is full, a room monitor will ask you to pick another workshop to attend. Workshop rooms and presentation times will be listed in the program that you will receive at the conference.

**Workshops preceded by HS are for High School level delegates only. Workshops preceded by ML are for Middle Level delegates only. Workshops preceded by HS/ML may be attended by any delegate.**
